

ABSTRACT SUBMISSION

- Abstracts must be written on a single A4 page, margins 2.5 cm.
- Title: Bold, Center, Police 12
- Name of authors: Last Name , First name , Bold, Center, police 10
- Affiliation : Police 9, Italic, Center
- Text: 1.5 Line Spacing, Time New Roman, Font 12, Justified
- Keywords: 5 words maximum, Font 12
- Language: Arabic French or English.

REGISTRATION SHEET

First Name:

Last name:

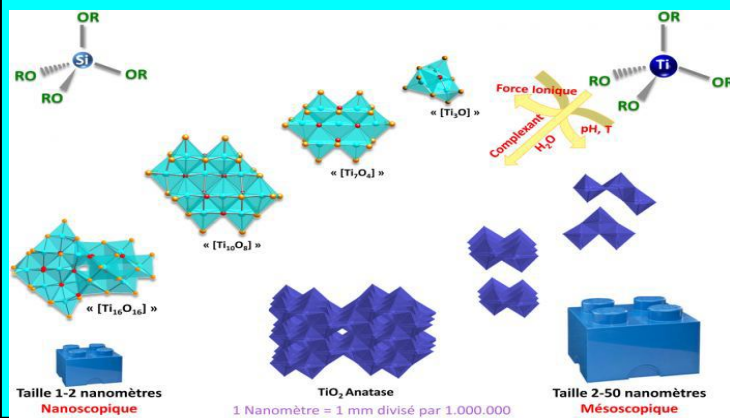

Grade/position and organization:

Address:

E-mail:

PRESENTATION

The Department of Industrial Chemistry, Faculty of Science and Technology, University of Biskra organizes from 05 to 06 October 2022 study days on materials: synthesis and energy applications

OBJECTIVES OF THE DAYS

The purpose of the days is to encourage doctoral students and teacher-researchers to present their scientific work in the following disciplines:

- Synthesis, characterization and application of materials and bio-materials.
- Synthesis and characterization of catalysts for energy applications
- Treatment recovery of different types of organic and inorganic wastes.

TOPICS

Topic 01: Materials for energy and Bio-materials.

Topic 02: Catalysts and Bio Catalysts for energy application.

Topic 03: Recovery and recycling of organic and inorganic wastes.
