Date: 15-16 October 2019

Honorary Chairman: Prof. Bouterfaya Ahmed (Rector)

Supervisor: Dr. Djoudi Hanane (Dean of the faculty)

Chairman: Dr. Gharbi Wahiba

Problematic

The higher education (H.E) sector in Algeria is facing a big challenges in the economy of knowledge. H.E is the basis for the prosperity and development of societies. Thus, the quality of H.E performance determines the features of the future and the position of Algeria in scientific world map. To do so, H.E institutions should endeavor to make progress, development and continuously improvement to assure the quality of academic outputs and scientific research. Hence, the idea to organize a national conference about the quality in H.E institutions in Algeria emerged as a necessity.

The importance of this conference comes from our conviction of the importance of upgrading the higher education system in Algeria and assuring its quality through consultation and dialogue in order to reach common visions and a distinctive form that allow the Algerian University to have a unique place on the map of progress despite the obstacles and challenges that is facing. In general, our conference will cover various themes related to quality assurance and the role of H.E institutions in Algeria in creating and spreading knowledge, creativity and excellence with the participation of a group of specialists who attempt to understand the issues that face H.E institutions, diagnose and correct them through their special researches.

Objectives of the conference:

- 1- Developing an action plan for applying international standards to realize quality in Algerian universities.
- 2- Enhancing the ranking of Algerian universities within universities global rankings.
- 3- Spreading the culture of quality in Algerian higher education institutions.
- 4- Providing the opportunity to the researchers to share knowledge and conduct joint researches in order to implement quality assurance standards at the Algerian University.
- 5- Strengthening inter-university cooperation at the level of Algerian higher education institutions through consultations and applied scientific researches.

- 6- Adopting the idea of serving the society and social responsibility in Algerian universities to enhance their relation with their the environment.
- 7- Establishing the quality of e-learning strategy/ distance education in Algerian higher education institutions.
- 8- Formulating proposals and practical procedures to activate the role of Algerian higher education institutions to integrate in knowledge economy.
